GREAT WORK OF THE WHEELMEN AT LOGAN.

Evans Brings Down the Half Mile Mark—Pierce Clips Some Seconds Off the Mile Record—Weiler Wins the Quarter Mile.

Logan, Utah, Aug. 25.—[Special.]—Perfect weather, an enthusiastic crowd and a fast track made the bicycle races here today an event that will be long remembered. Evans lowered the half mile record in the state championship race to 1:08 with Weiler only six inches behind.

Feiler, the Californian, won every event he entered. Pierce and Collier struggling only for second place. Weiler was in good form as his work showed, making the quarter in the fast time of 32½, with Thatcher right at his front wheel. The first event was the quarter mile, open. First heat, Weiler, Thatcher and Smith. Thatcher first, Weiler second, Time—24.

Second heat—Jensen, Evans and Caine. Evans first, Jensen second, Time—24½. Final heat, quarter mile open. Weiler, Thatcher and Evans qualified. Weiler first, Thatcher second, Time—23½.

The second event was two mile open for class B. Foster, Collier and Pierce came out of it. The prize was a diamond. Pierce and Collier both gave Foster a rub on the last two laps, but Foster saw the flash of the prize diamond and came down the home stretch like a streak of yellow sunlight, winning easily in 5:25. Collier second.

A time limit of 2:45 was placed on the one mile open. Weiler, Evans and Collier entered. Evans and Weiler had a hard struggle down the home stretch but Evans' spirit put him a wheel ahead over the last lap. Time—2:38.

Jack Boyle established a Utah record of 3:20.45 for the unpaired mile. Collier, Pierce and Weiler entered for the five mile open. A diamond valued at \$50 was hung up for the event. The dash of the diamond spurred Foster on and he won in 15:50. Pierce second.

Every one was enthusiastic when the half mile state championship race was announced. Evans, Jensen and Weiler went out for it. A hot pace was set from the first. It was a pretty race to the last turn and then Evans' spirit sent him down the stretch and over the tape winner in the fast time of 1:08, lowering the state record.

Foster made a successful attempt to lower Jensen's record of 2:17 for one mile. Pierce and Collier were the pace makers. Foster crossed the tape and won in 2:10. Jensen second. The Logan boys have treated the visitors royally. Tonight a dance is given in their honor in the Thatcher opera house.

THE RACE TODAY.

Prince and Schock Against the Mounted Cowboys.

The much talked of fifty mile race between Prince and Schock and the cowboys comes off this afternoon at 3 o'clock at the bicycle track if nothing comes up to prevent it. The track is in good condition and it will be the best race of the kind ever given. Utah has been searched from Provo to Logan to get the best horses possible, and fully thirty horses have been tested as to wind and speed. Three of the best have been picked and trained in the track in order to make them familiar with the conditions to be met.

Prince and Schock have been riding twenty-five miles a day in order to be in condition to stay with the horses. The track condition has been found to be three laps and 100 feet short in the fifty miles. This amount will have to be made up by the wheelmen and they will have a hard time doing it.

For the policy of the cowboys is to keep close to the wheel and they say they are going to do it.

Al Schock is the champion long distance rider of the United States. He is to meet Charles Derront, of Paris, France, who is the champion long distance rider of Europe, next November in a contest that is to last 142 hours.

Derront is the man who won the race between St. Petersburg and Paris last October, a distance of 2,224 miles. Prince was in Paris at the time and challenged Derront for a race with the winner of the six days' race that was then going on in New York. The challenge was accepted and it was agreed that they race in Paris next November.

The race will be run in a Herculean task, as 142 hours lacks only two hours of being six full days. The men will be permitted to ride as long as they wish and it is a matter of endurance. It is said that Schock can keep up a three minute gallop for a week.

The race, in that time he will cover 1,400 miles, allowing four hours out of each twenty-four for rest and refreshment. It will be a great race.

As I look into the future, As far as I can see, The Rambler, the Copper Rim Rambler, Is the only wheel for me.—Ziegler.

ACCIDENT AT GARFIELD.

Frank Ballard, a Boy, Has His Foot Crushed.

When the excursion train pulled into Garfield beach at 6:40 last evening Frank Ballard, a Bayview boy, who was evidently riding on the platform behind the water car, jumped off while the cars were still moving quite rapidly. He stumbled on a projecting beam and fell on the rail, where it was caught by his wheel and frightfully crushed, rendering an amputation necessary.

The unfortunate lad, who resides with his parents on Paxton avenue between Ninth and Tenth South, was put on another car and at once brought to the city, where he received the best medical attention.

Stopped the Dance.

Numerous complaints have been made recently regarding the dancing pavilion at Fifth East and Fifth South street by people residing in the vicinity. It was stated that on each evening and Saturday night in particular, a large crowd was wont to assemble and "well the floor" to the great annoyance and intense discomfort of the neighboring families.

Recently a little son of a gentleman named Campbell, whose residence is in close proximity, was attacked with diphtheria and his life for a time was despaired of. Absolute quiet was recommended by the attending physician and the proprietors of the pavilion refused to desist. But the request was

unheeded and Thursday last a warrant was obtained. This had the desired effect, the parties managing the pavilion agreeing to desist. Last night, however, the story of "Money Musk" and "The Devil's Dream" raked the atmosphere, while the clatter of feet made a din not conducive to the safety of the little patient. The police were called and C. G. Birkenhead, J. E. Malley, L. L. Sherlock and Curtis Bolton were arrested. Each left \$5 for his appearance tomorrow.

VETERAN FIREMEN.

The Torchlight Procession—At Garfield Tuesday.

The numbers to be given at the grand concert will include the celebrated "Hunting Scene" by Bucal, and the "Solemn Army Patrol" as played by Sousa, both descriptive pieces, together with popular selections. The excursion will conclude with a ball in the evening, an enlarged orchestra to furnish the music.

At Geneva Resort.

On the list of events for the coming week there is booked a novelty, in this country, in the shape of an old Missouri or southern barbecue. On an occasion of this kind there will be meats of all kinds with the appropriate vegetables roasted whole in the old time Lumbering Camp Bear Hole. It requires a fire in a hole ten feet long by five feet in width by four feet deep, kept burning for thirty-six hours previous to the barbecue and the meats are laced up in chestnut shells and steamed in the hot coals and ash until thoroughly done, then served in a most tempting style with all the attending relishes. This event occurs at Geneva resort on Tuesday next for the benefit of the Denhalter club, a very worthy cause, and it is useless to state will be liberally patronized by all who are not conversant with the details of an old fashioned barbecue.

LAMBOURNE'S NEW WORKS.

Two More Volumes That Will Attract Wide Attention.

Alfred Lambourne, Utah's well known artist and author, is now at work on a couple of volumes that will add more laurels to those already won.

Of course, both will treat of Utah scenes and subjects. The name "Lambourne" on a book naturally suggests Utah.

This time, however, the gentleman has made a new departure, as to the general style and make-up of his volumes, which are designed to be complete as well as to the library table.

Volume I is entitled "Pictures of an Inland Sea," and the pictures are both by pen and brush. It is not an idle assertion to say that no artist and author living is as well adapted to the making of a work of this kind as Mr. Lambourne. Not a bare, not an eddy, not an island, not a shore is there connected with this great and mysterious body of water but with which Mr. Lambourne is almost as familiar as he is with his own doorway.

Volume II, "A Summer in the Wasatch," will also be illustrated, and will tell the story of living a few months among the grandeur of Lake Lillian, Lake Blanche, and other sequestered though beautiful spots, first artistically discovered by Mr. Lambourne in the Wasatch range.

The story is also written in the author's best vein, and is in strong and pleasing contrast to its companion volume. There is every reason why it should be so. There is no other artist in the west who has climbed as many heights, who has delved into the mysteries of the Wasatch so deeply as has Mr. Lambourne.

In this volume the artist will have pleasure in "Lake Blanche," "Lake Lillian," "Lake Florence," "The Glen Mouth," "Storm Over Blanche," "Lillian by Moonlight,"

in both volumes the best work of

the author and artist is evident, and two more valuable additions to American literature and art will soon be laid before the public.

THE BODY BROUGHT HOME.

Funeral of the Late Henry Margetts Will Take Place Today.

The remains of Henry Margetts arrived in the city yesterday morning at 10 o'clock, and were at once taken to Joseph William Taylor's undertaking establishment on West Temple street. The accident that caused the boy's death was a peculiar one. The utmost precautions were taken by the party and especially by Mr. Margetts, the boy's father, to prevent accidents. It seems that Mr. Margetts had put in his gun a faulty shot, which did not explode when fired by the needle, so he took his gun down from his shoulder, extracted the shell and put in a new cartridge. When he snapped the gun shut, the needle, which projected slightly, struck over the percussion cap and exploded it. The boy was fully forty-five yards distant and behind a bush, but in direct line of the gun, and received the load of No. 2 shot in his breast. "I am shot!" was his only exclamation, and he sunk to the ground and died in five minutes.

The sad accident occurred about twenty-five miles east of Paris, on Indian creek. The grief-stricken father, with the rest of the party, had to drive with the remains to Sixty-five miles to Preston. The funeral will take place from the residence of the mother of the deceased, No. 716 North Second West street, at 4:30 p. m. today. Friends are invited to attend.

Musical Matters.

The Herald published last Sunday the programme of the grand testimonial concert to be tendered Mr. Alvin Beesley at the Nineteenth Ward Assembly hall tomorrow evening. It includes the names of Mrs. Lillian Thomas, Mrs. Edwards, Miss Viola Pratt, Mrs. Agnes Olson Thomas, Miss Ruth Eldridge, Mr. George D. Pyper, Mr. H. S. Engle, Mr. W. E. Weiler and Mr. S. Krouse. The Harmony Glee club and Neapolitan Quintette club will also play two numbers. We predict a large attendance, not only because of the superior character of the programme, but as a tribute to the popularity of Mr. Beesley.

The Beesley family gave a successful concert at Tooele on Friday evening. Mr. Griswold, of the firm of Lyon & Healy, was the soloist. Mr. Alvin Beesley will entertain the Harmony Glee club at his home this evening.

A concert will be given at the Fourteenth Ward assembly hall on Tuesday evening.

On Thursday evening the Tenth Ward choir will give a concert for the benefit of some missionaries of the largest of the Mormon churches. The choir will rehearse "Gipsy Life" last evening.

"Portraits of Men of Celebrities" is a collection of excellent caricatures and portraits of the leading celebrities and actors, which is to be found at Calder's music saloon.

The excursion of the Tabernacle choir to Saltair on Tuesday was a musical and financial success.

There were several small private musicals during the week.

"MEN WERE DECEIVERS EVER."

Strange Story of one Fellow's Perfidy Brought to Light in a San Francisco Divorce Court.

San Francisco, Aug. 25.—A strange story of one man's perfidy has come to light in the divorce court here.

Mrs. Annie Allis, an employee of a New York publishing house, has begun an action for the annulment of a divorce which her husband, Edmund C. Allis, obtained from her in San Benito county, this state, in April last. The proceeding reveals another chapter in a domestic episode that started society in St. Paul, Minn., in 1885. At that time Edmund C. Allis was an attorney of that city and a pillar of Christ church. He disappeared mysteriously, and first it was announced that he had defaulted with the funds of the church of which he was treasurer.

It transpired that he had eloped with a girl named Sophie Sanderson, who became a friend of Mrs. Allis in Philadelphia, before her marriage. Mrs. Allis traced the guilty couple to Louisville. There Allis deserted the Sanderson girl, who went back to her home in Philadelphia, and the wronged wife finally forgave all and went with her husband to live in Boston. She was doomed to disappointment, however, for, after the elopement, the woman money for which he holds promissory notes. Last week he began proceedings on the claims which he holds against the woman, and a custodian was placed in the flat on this suit.

Mrs. Morse owns a flat in an apartment house on Forest avenue and has frequently entertained the Russian nobleman in her apartments. Some weeks ago they came to a disagreement and then the trouble began. Mrs. Morse lives and has advanced the woman money for which he holds promissory notes. Last week he began proceedings on the claims which he holds against the woman, and a custodian was placed in the flat on this suit.

Mrs. Morse subsequently ousted the custodian and her door has since been closed against De Bruyn. She says he has made threats against her and she took out the warrants with the idea of having him placed under peace bonds. Count De Bruyn denies the charges.

THAT ARMY OF PEACE.

Buffalo, N. Y., Aug. 25.—For some days Count Rybakowski's industrial army, numbering about 150 tramps, has been encamped outside the city limits. This morning the sheriff ordered them to move on, but they refused to go. Justice Foster in the meantime sentenced the count and his wife to ninety days. The sheriff was given warrants for their arrest, but the tramps resisted. There was a short, sharp struggle. The clubs of the deputies and policemen came into vigorous play. For about three minutes the tramps held their ground, fighting desperately with clubs, then they broke and ran. The sheriff's men overtook the count and arrested him and several of his followers. As they broke away, the tramps resisted, were taken to the Accident hospital.

LOVE AND MURDER AT SEA.

Vienna, Aug. 25.—On the Russian steamer Sebastopol, on its last trip from Constantinople to Odessa, a sailor became enamored of a young American lady named Miss Garrett, a passenger on the steamer. Miss Garrett scorned his advances and threatened to have him punished if he annoyed her again. The sailors jeered and ridiculed him until he was frantic. He next attacked Miss Garrett and beat her on the head until she was dead and then jumped in the sea and perished.

This ends all controversy as to the preliminary arrangements for collecting the income tax.

Way Back: Say Young fellow! stop th' en Conductor: Do You Wish to get off? Way Back: No! want ter tight my pipe.

ENDS ALL CONTROVERSY.

Washington, Aug. 25.—While the Senate was considering business, the closed doors yesterday slipped through the important bill appropriating \$200,000 to carry into effect the income tax provision of the tariff bill, which has been held up under objection
